Weekly Summary

Compared to last week's market, the average prices of both feeder steers and heifers weighing 400 lbs and less ended from \$6 to \$10 lower while those classes over 400 lbs ended mostly steady to \$4 lower. The slaughter cows and slaughter bulls showed firm with last week's figures.

Pressure from seasonal demand softness along with abnormal heat have stepped into the demand prices arena. Buyers, although still aggressive are showing more caution in the purchases. Quality also has a bearing on these softer figures.
