(some hard to place plainer calves fall below these figures)

Total Sellers..... 189

Feeder Calf Buyers..... 16

Compared to last week:all feeder steer and heifer class averages ended fully \$3 to \$5 lower
Slaughter cows showed to be \$4 lower while slaughter bulls ended fully \$6 lower
Buyer interest continues to remain good but beginning to show a lack of aggressiveness

The continuing drought is beginning to show an affect on market prices. Pasture conditions continue
To wilt under the heat and dry weather continues to force more cows being culled along with lighter
Than normal calves being marketed.The packers continue to be over run with slaughter animals.
