Compared to last week: feeders and heifers averages weighing 400 lbs and down ended Fully \$4 to \$7 lower while the heavier weight class averages showed to be \$3 to \$4 lower Slaughter cows and slaughter bulls both finished steady to \$1 weaker Buyer demand today remained active on the front end classes while those plainer classes Are beginning to witness market pressure

A weakened board closing today dampened some of the past weeks market enthusiasm as The buyers also are hesitant in their purchases due to October's normal health concerns
