(some hard to place of lower grade calves fall below these figures)
"These figures are reported solely on East Texas Livestock's Market"

Total Sellers.....105 **Feeder Calf Buyers..... 15**
Feeder Calf Companies..26

Summary

Compared to last week: all feeder steers and heifer weight class averages ended fully $3 to $5 lower with some lower hard to place cattle ending $5 to $8 weaker

Slaughter cow and bull figures gain some of their recent week losses back and finished $ 2.50 stronger

No doubt the market is witnessing its normal calf transition period from old calves to the "New crop" calves. Demand figures seasonally adjust as the feeders get ready for their new Purchases. This along with the unseasonably cold and flooding up North have both the grain And livestock futures unstable as the board the past few days gives witness to this.
