Compared to last week: all classes of feeder steers and heifer averages ended fully \$12 to \$17 higher. Slaughter cows finished fully \$8 higher as the slaughter bulls ended \$5 stronger.

With the board limiting up for 3 straight days and the markets offering less inventory to purchase from, buyers have turned bullish. Optimism and aggression has once again replaced market doubts as the Covid-19 fears continue to empty the supermarket shelves and pulling beef demand forward.

Reminder: Our March weaned calf sale will be next Tuesday, March 31st
