Compared to last week's market; all weight class averages of both feeder steers and heifers weighing 400 lbs and down ended fully \$5 to \$10 weaker while those classes over 400 lbs finished \$3 to \$6 lower. Slaughter cows today showed to be off \$4 with the slaughter bulls being firm.

We witness our first good sprinkling of the "new crop" calves today as buyers normally adjust their figures softer when these appear. Buyer demand was decent as today's feeder calve quality helped play a role in the weaker figures.
