### Weekly Summary

Compared to last week's market: all weight class average prices of both feeder steers and heifers weighing 400 lbs and down ended fully firm while those classes over 400 lbs finished \$2 to \$4 higher. Slaughter cows remained mostly unchanged, but the slaughter bulls finished up around \$4 higher than last week.

Friday's Cattle On Feed Report should show the smallest monthly placement of feeders into the feedlots in years. Rains in the grazing country along with this bullish report poured fuel into the buyer activity and aggression today.
