Weekly Summary

Compared to last week's market, all weight class price averages on both feeder steers and heifers weighing 500 lbs and down ended firm with last week while those class averages over 500 lbs trended \$3 to \$5 lower. The slaughter cow figures held good while slaughter bulls showed about \$4 lower.

Last Fridays Cattle on Feed Report caught the market analysts off guard by showing a heavier placement figure than projected. Both yesterday and today's negative board closings did have some effect on today's feeder figures. The fundamentals are still solid for future strong and high feeder market prices.
