Weekly Summary

Compared to last week's market, all classes of feeder steers and heifers price class averages from 300 lbs and down ended firm with last week's averages. Those feeder classes over 300 lbs finished fully \$2 to \$4 higher. Slaughter cows today showed about \$1.50 stronger while the slaughter bulls weakened by \$4

Even with depressed board closing figures, the market is still being driven by optimism and a few holes in the wheat country still available for stocking along with the chance of good rains in the forecast towards this weekend.
