Weekly Summary

With no comparative markets due to the Christmas Holidays shutdown, our opening market figures compared to the pre-holiday market figures showed all classes of both feeder steers and heifer weight class averages ended a strong \$15 to \$20 higher. Packer figures also reflected their inventory needs and easily posted a \$10 spike.

There appeared to be no hesitation by the feeder buyers to jump in and start buying as buyer interest and demand were extremely strong here today supported by 23 calf buyers.
