Weekly Summary

Compared to last week's market, all weight class averages of both feeder steers and heifers witnessed weaker figures of \$3 to \$7. The buyer interest and demand remain strong, but buyers are more selective in their quality purchases. Today's offering gave proof to this as the front-end feeder figures remain high on the front-end classes, but interest waned on the plainer end.

Slaughter cow figures remained firm, but the slaughter bull figures weakened by about \$3.
