Weekly Summary

Compared to last week's market, the average prices of all classes of feeder steers weighing 400 lbs and down ended from \$3 to \$5 lower while the heavier feeder steer classes showed to be firm with last week's closing figures. All weight classes of feeder heifers also finished from \$4 to \$7 lower. Today's slaughter cows weakened by \$4 with the slaughter bulls mostly steady.

After last Friday's disastrous board closing, today we witnessed the traders showing caution in being aggressive. There appeared to be a undertone in today's buyer aggression possibly reflecting the board anemic performance.
