Weekly Summary

Compared to last week's market, the average prices of all classes of feeder steers and heifers ended \$3 to \$5 lower. The slaughter cow prices remained firm while the slaughter bulls strengthened by \$3 to \$5 higher.

We witnessed the board turn red on closing figures from once again more screwworm rumors. Supposedly 18 confirmed cases within 25 to 97 miles of the Texas border. This screwworm situation near the border has been a recurring overhang for the cattle trade.
