### **Weekly Summary**

Compared to last week's market, the average prices of all classes of feeder steers and heifers weighing 450 lbs and down ended from firm to \$5 higher while those classes over 450 lbs firmly ended \$5 to \$8 stronger. The slaughter cows and slaughter bulls finished a solid \$3 over last Tuesday's figures.

Again, some residue from negative factors the past few weeks still appear to be affecting the board, but buyers today weren't "hand sitting" but showed to be aggressive and active in their purchasing. Today's feeder offering was a balanced mixture of quality.
