Weekly Summary

Compared to last week's market, the average prices of all weight classes of feeder steers and heifers ended fully steady to firm. Slaughter cows and slaughter bulls however weakened by \$3 to \$5.

Pressure remains on the futures board as today's closing figures continued in the red. Diesel remains at a multi-year high along with the dry wheat country up North stopping the planting of a winter wheat crop for feeders which could well put pressure on feeder calve prices.

NEXT WEEK WE WILL BE HAVING OUR SEPTEMBER WEANED CALVE SALE.
