Weekly Summary

Compared to last week's market, the average prices of all weight classes of both feeder steers and heifers again ended stronger from $2 to $8 higher. Slaughter cow prices today reflected last week's figures while the slaughter bull demand improved from $3 to $5.

Again, the feeder calve demand paid today's anemic board closing no attention as buyers continued to push for more inventory. Demand and activity continued brisk and strong especially on the front-end classes of feeder calves.

WE WILL BE CLOSED NEXT TUESDAY BECAUSE OF THE THANKSGIVING HOLIDAYS
