Some lower quality and hard-to-place cattle fall below these figures.

Total Sellers: 225 Order Buyers: 16 Packer Buyers: 5

Weekly Summary

Compared to last week's market, the average prices of weight classes of feeder steers and heifers weighing 400 lbs and down finished from $8 to $12 higher while those classes over 400 lbs ended fully firm with last week's figures. Both the slaughter cow and bull demand continues to stagger and ended $3 to $5 lower.

The board again closed in red figures today, but we witnessed no effect on buyer aggression as feeder buyers continued to secure inventory for the wheat country. The price gap between the front-end classes and plainer calves appears to still be widening.
